

The Village Day Club is not all that easy to find on your first visit. You enter the RAAFA Memorial Estate from the usual entrance, pass the Spitfire, past the Meg Olive Room building on your left, past the new main function room building on your right. Keep on driving, the road curves gently around to the right. After about 800 meters, you come to an open parking area. On your right is the Chapel, a single-story building with a cross. It is just before a bridge. The building on the right before the Chapel is our building, the Village Day Club. It has a sign over the door - "Village Day Club". Our sign will be out the front. Below is a map with directions for the Village Day Club.
